Question :   What did you dislike the most about this course?

1   -

2   .

3   I felt that the appropriate background material was not provided for Lab 2 Part 3. I personally faced a lot of issues with LLVM. A step-by-step tutorial for setting up the lab would have been useful.

4   It's almost perfect as it is.

14   Nothing specifically, everything was quite good.

15   The assignments were great. They complemented the things we learnt in lectures quite well.

16   The assignments were very involved and helped me learn a lot of things like LLVM

17   The course covered low-level concepts of the compiler so nicely

18   The professor very clearly explained the topics
